To whom it may concern,

I am an elderly woman living on a limited income of Social Security. I heard about the NAC SPCA program for elderly people with pets. After I contacted the SPCA, they came to my home to meet me and my dog I had adopted as a stray. She was in such bad shape that she would not eat. They assisted me with special food and helped me to obtain a voucher for spaying. They paid for the necessary vaccinations for my Zoie to be up-to-date on her yearly shots. Without this program and the kindness of this organization, I would not have been able to keep this beloved dog who brightens my days with such affection.

I am so grateful to the caring people of our local SPCA. I look forward to their monthly visit to see Zoie and I when they deliver her special diet. I feel this service is so necessary for those of us on limited incomes and is found with no other animal agency in our area. They have my entire support and I hope the community's as well so this program which has assisted me in having a source of joy and love in my daily life will continue.

Please help support the programs of the SPCA so they may continue their great work for Pets and their People!

With gratitude,

Mrs. Shirley Hancock
