May 02, 2008

To whom it may concern:

This letter is in reference to the Best Friends of North Central Arkansas. This organization is a disaster relief animal response team that has recently been founded in our area. The City Council of the City of Summit has agreed that this organization will be welcomed in our city if the need arises for this type of assistance.

We appreciate this type of organization and the volunteers that it takes to make it work.

Sincerely,

Edith M. Johnson
Mayor
